MKCD - Visa & Travel Report

Snapshot as of 20 October 2026. Built from: passport scan (Nov 2025), VEVO check (13 Nov 2025), your travel-plan & timeline workbooks, plus web research on entry rules.

Countries visited (stamps)	Visits logged	Valid visas today	Expired - renew	Passport expires	Last safe travel (6-mo rule)
15	26	2 (USA, Australia)	Schengen, UK	17 Sep 2028 (698 days)	17 Mar 2028

Top actions

Passport expires 17 Sep 2028 - Most countries need 6 months validity -> practical last safe travel date ~17 Mar 2028. Start renewal ~Sep 2027. Passports issued in India are e-passports since 28 May 2025. Keep old passport: US & Australia visas stay valid but must be carried; tell Australia Home Affairs new passport number (ImmiAccount).

Schengen: no valid visa - #1 PRIORITY - Both France visas expired (Apr 2026). With 2 lawful Schengen visas in 3 years you qualify for the EU cascade 2-year MEV; a 5-year MEV needs >=5.5 yrs passport validity (yours ends Sep 2028) -> renew passport first if you want the 5-year. Schengen MEV is the single biggest reach gain (~65 destinations). Ask for a German- or Swiss-issued visa if Singapore 96-h transit matters.

UK: no valid visa - #2 - UK visa expired 29 Dec 2024. Fees from 8 Apr 2026: GBP 135 (6-mo), 506 (2-yr), 903 (5-yr), 1,128 (10-yr). Long-validity visa recommended; it also covers Ireland (BIVS - enter UK first). Gibraltar via UK visa ended 15 Jul 2026.

Australia: confirm stream - Visa is Business Visitor stream (condition 8115). A pilgrimage yatra with devotees may count as tourism - confirm whether to apply for a Tourist-stream visa.

Malaysia visa-free ends 31 Dec 2026 - Get visa/e-visa for any 2027 Malaysia yatra unless extended.

Thailand now 30 days (from 15 Sep 2026, reported) - Plan group stays accordingly; complete TDAC before arrival.

Not in this list because Indian passport holders already enter visa-free / on arrival (e.g. Nepal, Bhutan, Sri Lanka, Thailand, Malaysia, Mauritius, Fiji, Maldives) - see section 8. Australia is NOT accepted in UAE, Mexico, Turkey, Saudi, Bahrain.

6. Power visas - ranked strategy for an Indian passport (deep research, 21 Oct 2026)

Baseline: the Indian passport alone gives 55 destinations without a prior visa (Henley rank 84th (Henley Passport Index, 9 Oct 2026)). The question is which ONE document adds the most on top of that and of the US visa you already hold. 'Unique vs US' is the honest measure - most lists online count overlaps.

#	Document	Status	3rd-country unlocks	Overlap w/ US	UNIQUE vs US visa (real gain)	Own territory	Cost / validity	Verdict
1	Schengen C multiple-entry (2-yr -> 5-yr via EU cascade)	EXPIRED Apr 2026	~36	28	8 (Albania via Schengen route, Bosnia, Cyprus, Gibraltar, Belize visa-free, Belarus, Kyrgyzstan, Singapore VFTF via DE/CH)	29 Schengen states + Monaco, San Marino, Vatican, Andorra	EUR 90 fee; 2-yr MEV now (you have 2 used visas in 3 yrs), then 5-yr if passport has >=5.5 yrs validity -> renew passport FIRST, then apply for 5-yr	APPLY FIRST. Biggest single reach gain: ~65 destinations
2	USA B1/B2 (10-yr)	HELD to Dec 2034 - used once	~33 (22-42 by source)	-	-	USA	-	Keep; carry the passport that holds it after renewal
3	UK Standard Visitor (2-yr / 5-yr / 10-yr)	EXPIRED Dec 2024	~31 (+5 Caribbean BOTs)	26	Ireland (BIVS - must enter UK first); Albania via UK route	UK + Ireland	GBP 135 (6-mo) / 506 (2-yr) / 903 (5-yr) / 1,128 (10-yr) from 8 Apr 2026. No ETA for Indians	APPLY SECOND - needed for every UK yatra anyway; take 2-yr or 5-yr. Gibraltar via UK visa ENDED 15 Jul 2026
4	Australia Visitor 600	HELD to Nov 2030 (Business Visitor stream)	~11	11	0	Australia	Check Tourist-stream for pilgrimage	Keep; no third-country value beyond US visa
5	Canada TRV (up to 10-yr)	Not held	~27	27	0	Canada (+ Niagara Canadian side)	CAD 100 + CAD 85 biometrics; validity to passport expiry; India NOT eTA-eligible	Only if a Canada yatra is planned (ISKCON Toronto/Vancouver/Montreal)
6	Japan 5-yr multiple-entry	Not held	~10	10	0	Japan (90 d/visit)	Rs 500 via VFS; needs 2 Japan visits in 3 yrs or financial proof	Only if a Japan yatra is planned
7	China visa + Tibet permits	Per trip	0	-	-	China / Tibet	Group visa via operator ~6 working days + TTP + ATP	Per Kailash trip only (done Jun 2026)
8	Saudi eVisa/VoA (via used US visa)	Eligible now	0	-	-	Saudi Arabia (Umrah possible with Nusuk)	SAR 440, 1-yr multiple, <=90 d	Use when needed; no separate application

Total: 8 rows

Recommended stack: USA (have) + Schengen 5-yr MEV + UK 5-yr = roughly 95 destinations reachable without a per-trip visa, on top of the 55 the passport gives. Order of work: (1) renew the passport if you want the 5-year Schengen (needs about 5.5 years validity; yours ends Sep 2028); (2) apply for the Schengen MEV - you already meet the EU cascade rule (2 lawful visas in 3 years); (3) UK 2-yr/5-yr before the next UK yatra. Canada and Japan visas add nothing beyond those countries themselves.

Sources and caveats

Travel history comes from the passport scan (faint stamps marked 'Check'). Entry rules come from secondary sources (Wikipedia table for Indian citizens, news, embassy PDFs) on 20 Oct 2026; some official pages (IRCC, Taiwan BOCA) would not load. Rules change often - confirm on the official portal before issuing tickets. Passport number is not reproduced in this report.
