Snapshot as of 20 October 2026. Built from: passport scan (Nov 2025), VEVO check (13 Nov 2025), your travel-plan & timeline workbooks, plus web research on entry rules.

Countries visited (stamps)	Visits logged	Valid visas today	Expired - renew	Passport expires	Last safe travel (6-mo rule)
8	15	2 (USA, Australia)	Schengen, UK	17 Sep 2028 (698 days)	17 Mar 2028

Top actions

Passport expires 17 Sep 2028 - Most countries need 6 months validity -> practical last safe travel date ~17 Mar 2028. Start renewal ~Sep 2027. Passports issued in India are e-passports since 28 May 2025. Keep old passport: US & Australia visas stay valid but must be carried; tell Australia Home Affairs new passport number (ImmiAccount).

Schengen: no valid visa - Both France visas expired (Apr 2026). You now have 2 lawful visas in 3 years -> eligible for the EU 'cascade' 2-year multiple-entry visa. Apply 3 months before the next Europe yatra.

UK: no valid visa - UK visa expired 29 Dec 2024. Apply 3-4 weeks ahead; consider a 2-year or 5-year Standard Visitor visa if you will return often.

Australia: confirm stream - Visa is Business Visitor stream (condition 8115). A pilgrimage yatra with devotees may count as tourism - confirm whether to apply for a Tourist-stream visa.

Malaysia visa-free ends 31 Dec 2026 - Get visa/e-visa for any 2027 Malaysia yatra unless extended.

Thailand now 30 days (from 15 Sep 2026, reported) - Plan group stays accordingly; complete TDAC before arrival.

6. Power visas - which one unlocks the most

Rank	Document	Held?	Extra destinations	+ Schengen area	Total reach	Recommendation
1	USA B1/B2 visa	HELD	33	0	33	HELD. Best value overall; valid to 2034.
2	Schengen C visa (multi-entry)	no	30	29	59	EXPIRED. Renew first - you qualify for the EU 2-year multi-entry cascade visa. 29 Schengen states + extras.
3	UK Standard Visitor visa	no	24	0	24	EXPIRED. Renew; ask for a longer-validity visa. Unlocks Ireland (BIVS) and ~20 more.
4	Australia Visitor visa	HELD	11	0	11	HELD. Narrow value (11 places); check stream.
5	Canada visitor visa (TRV)	no	22	0	22	Not held. Mostly duplicates what the US visa gives.
6	Japan visa	no	9	0	9	Not held. Low priority.

Best 'stack' for your yatra work: USA (have) + Schengen long-validity + UK long-validity covers Europe, Ireland, the Americas, Balkans, Caucasus and Gulf with 3 documents. Add a Chinese visa/permits only when Kailash Mansarovar is planned. Single-purpose power items to watch: GCC Grand Tours visa (unconfirmed) and East Africa tourist visa (unconfirmed).

Mismatches between your sheets and documents

• Schengen #1: sheet says 45 days, sticker says 30 days. • Schengen/US 'No of days' in your Visa tab are validity-window lengths, not allowed stay. • Several older lines in your Visa tab were corrected (Armenia, Bosnia, Montenegro, Turkey, Qatar). • Australia is Business Visitor stream.

Sources and caveats

Travel history comes from the passport scan (faint stamps marked 'Check'). Entry rules come from secondary sources (Wikipedia table for Indian citizens, news, embassy PDFs) on 20 Oct 2026; some official pages (IRCC, Taiwan BOCA) would not load. Rules change often - confirm on the official portal before issuing tickets. Passport number is not reproduced in this report.
